

Based on its review and analysis of the request to amend the previous Los Angeles Film Regional Center, business plan, and supplementary evidence, the U.S. Citizenship and Immigration Services (USCIS) amends the designation of the Regional Center as described above. In accepting the amendment, USCIS has updated its records of your Regional Center approval, designation, and business plan to encompass this amendment relative to the investment of the Regional Center on 10 areas of commercial enterprise:

1. Motion Picture and Television;
2. Agriculture & Food Processing;
3. Alternative Energy;
4. Higher Education;
5. Health Services;
6. Leasehold Improvements;
7. Manufacturing & Trade;
8. Technology;
9. Tourism; and
10. Transportation.

If any investment opportunities arise that are beyond the scope of the approved industry clusters, then an amendment would be required to add that cluster.

Aliens seeking immigrant visas through the Immigrant Investor Pilot Program may file individual petitions with USCIS for investments into financing projects and developing commercial enterprises in the above cited ten (10) targeted commercial activities located within the approved Regional Center area within the county of Los Angeles, California, which are comprised of 592 census tracts which have been formally designated as a targeted employment area by the State of California as defined in 8 CFR 204.6(e). Therefore, the minimum capital investment threshold for any individual immigrant investment into an approved commercial enterprise throughout the Regional Center shall be not less than \$500,000, if the investment target is located within a TEA or \$1,000,000 if it is located outside of a TEA. No debt arrangement will be acceptable unless it is secured by assets owned by the alien entrepreneur. A full capital investment must be made and placed at risk.

#### **EMPLOYMENT CREATION**

Immigrant investors who file petitions for commercial enterprises located in the Regional Center area must fulfill all of the requirements set forth in 8 CFR 204.6, except that the petition need not show that the new commercial enterprises created ten new jobs indirectly as a result of the immigrant investor's investment. This determination has been established by way of USCIS' acceptance of the final economic analysis that is contained as part of the approved Regional Center proposal and its indirect job creation model and multipliers contained within the final approved Regional Center application package. Rather, the investor must show at the time of removal of conditions that they performed the activities described in the model and on which the approved methodology is based.

However, where preservation or creation of "direct jobs" is claimed in support of an immigrant investor's I-526 petition affiliated with the Regional Center, then:

- To be credited for preserving/maintaining pre-existing direct jobs for "qualified employees" with the Regional Center for a "troubled business" as defined by the regulation at Part 204.6(e), the individual I-526 petition must be supported by probative evidence of the number of full time (35 hours per week) qualified employees, whose positions shall be preserved/maintained throughout the alien's period of conditional residency. Such evidence should include copies of quarterly state employment tax reports,

Forms W-2, Forms I-9, and any other pertinent employment records sufficient to demonstrate the number of qualified employees whose jobs were created directly.

- To be credited with projected creation of new “direct” jobs for “qualifying employees” upon filing the I-526 petition, then the petition must be supported by a comprehensive detailed business plan and supporting financial, marketing and related data and analysis providing a reasonable basis for projecting creation of any new direct jobs for “qualifying employees” to be achieved/realized within two years pursuant to 8 CFR 204.6(j)(4)(B).

An alien investor’s I-829 petition to remove the conditions which was based on an I-526 petition approval that involved the creation of new direct jobs or the creation of new indirect jobs based on a multiplier tied to underlying new direct jobs needs to be properly supported by evidence of job creation. To support the full number of direct and indirect new jobs being claimed in connection with removal of conditions, the petition will need to be supported by probative evidence of the number of new direct full time (35 hours per week) jobs for qualified employees whose positions have been created as a result of the alien’s investment. Such evidence may include copies of quarterly state employment tax reports, Forms W-2, Forms I-9, and any other pertinent employment records sufficient to demonstrate the number of qualified employees whose jobs were created directly.

3.   - a. Operating Agreement;
  - b. Confidential Information Memorandum ;
