Application: Request to Amend Designation as a Regional Center
Applicant(s): Stephen Weststeyn

Re: Northern California Regional Center, LLC
RCW1103350154

Pursuant to Section 610 of the Appropriations Act of 1993, as amended, on April 22, 2010, the Northern California Regional Center ("NCRC") was approved and designated as a regional center to participate in the Immigrant Investor Pilot Program. An amendment to the approval notice was issued on May 5, 2010, to include the approval of an investment project. In a written request submitted on February 2, 2011, the Northern California Regional Center submitted an amendment proposal seeking to amend its initial Regional Center designation to include an exemplar I-526 petition, business plan, economic impact report and other sample documents for the Ruby Gold Mine Project, expand its designated area, and add a new economic category.

Based on its review and analysis of the request to amend the previous Northern California Regional Center, LLC, business plan, and supplementary evidence, the U.S. Citizenship and Immigration Services ("USCIS") amends the designation of the Regional Center as described below. In accepting the amendment, USCIS has updated its records of your Regional Center approval, designation, and business plan to encompass this amendment relative to the investment.

GEOGRAPHIC AREA:

The North California Regional Center ("NCRC") shall have a geographic scope which includes the counties of Colusa, Butte, Glenn, Sacramento, San Joaquin, Shasta, Sutter, Tehama, Yuba, Yolo, El Dorado, Placer, Sierra and Nevada counties in the State of California.

The geographic focus of this area may contain some targeted employment areas (TEAs) and non-targeted employment areas. The minimum investment amount for non-targeted areas is \$1,000,000 and for targeted areas, \$500,000. For any alien requesting the reduced threshold of \$500,000 based upon an investment in a Targeted Employment Area, the alien must establish at the time of filing of the I-526 petition that either the investment will be made in a TEA designated area or was in a TEA designated area at the time of the alien's initial investment into the enterprise, whichever occurs first.

FOCUS OF INVESTMENT ACTIVITY:

As depicted in the economic model, the general proposal, business plan and associated economic analysis and the subsequent amendments to the Regional Center Proposal, the Regional Center will engage in the following economic activities: accommodation, office space, retail sales, marketing, maintenance services and construction.

The Regional Center shall focus on offering EB-5 compliant capital investment opportunities into new commercial enterprises in the following two (2) target industry economic categories:

- | | |
|-----------------|----------------------------------|
| 1. NAICS 11212 | Dairy Cattle and Milk Production |
| 2. NAICS 212221 | Gold Ore Mining |

Note: If any investment opportunities arise that are beyond the scope of the approved industry categories, then a Form I-924 amendment application would be required to add that category.

EMPLOYMENT CREATION

Immigrant investors who file petitions for capital investments in new commercial enterprises located within and affiliated with the Regional Center area must fulfill all of the requirements set forth in INA 203(b)(5), 8 CFR 204.6, and 8 CFR 216.6, except that the petition need not show that the new commercial enterprises created ten new jobs directly as a result of the immigrant investor's investment. The determination whether the alien investor has met the job creation requirements will be established by a review of the required initial evidence at 8 CFR 204.6(j) and 8 CFR 216.6(a)(4) for the Form I-526 and Form I-829 petitions, respectively. The capital investment and job creation activities outlined in the individual petitions must fall within the bounds of the final economic analysis that is contained as part of the approved Regional Center proposal and its indirect job creation model and multipliers contained within the final approved Regional Center application package. The immigrant investor must show at the time of removal of conditions that they performed the activities described in the Form I-526 petition, and the activities must be based on the approved regional center methodology for demonstrating job creation. The approved job creation methodology that has been submitted on behalf of the regional center is based on the IMPLAN model.

In addition, where job creation or preservation of existing jobs is claimed based on a multiplier rooted in creating new jobs in the new commercial enterprise affiliated with your regional center in which the alien has invested, then:

- To be credited with the projected creation of new jobs for "qualifying employees" upon filing the I-526 petition, then the petition must be supported by a comprehensive detailed business plan and supporting financial, marketing and related data and analysis providing a reasonable basis for projecting creation of any new jobs for "qualifying employees" to be achieved/realized within two years pursuant to 8 CFR 204.6(j)(4)(B).

An alien investor's I-829 petition to remove the conditions which was based on an I-526 petition approval that involved the creation of new jobs based on a multiplier tied to creating new jobs needs to be properly supported by evidence of job creation. To support the full number of new jobs being claimed in connection with removal of conditions, the petition will need to be supported by probative evidence of the number of new full time jobs (35 hours per week) for qualified employees whose positions have been created as a result of the alien's investment. Such evidence may include copies of quarterly state employment tax reports, Forms W-2, Forms I-9, and any other pertinent employment records sufficient to demonstrate the number of qualified employees whose jobs were created through the alien's investment.

Additional Guidelines for individual Immigrant Investors Visa Petition (I-526)

In order to demonstrate that it is associated with the Regional Center, in conjunction with addressing all the requirements for an individual immigrant investor petition, each I-526 petition must contain the following:

1. A copy of this letter, the Regional Center approval and designation letter and any subsequent amendment approval notices.
2. A copy of the USCIS approved Regional Center narrative proposal and business plan.
3. A copy of the job creation methodology required in 8 CFR 204.6(j)(4)(iii), as contained in the final Regional Center economic analysis which has been approved by USCIS, which reflects that investment by an individual immigrant investor will create not fewer than ten (10) full-time employment positions, either directly or indirectly, per immigrant investor. The immigrant investor petition must also be supported by an analysis and evidence that shows that the capital investment project in the Form I-526 petition comports to the capital investment project approved in the regional center designation, that the project timelines are such that the requisite jobs will be created within a reasonable period of time, and that it is otherwise EB-5 compliant.
4. A legally executed copy of the USCIS approved documents:
 - a. Confidential Private Offering Memorandum (submission date February 2, 2011)
 - b. Subscription Agreement (submission date February 2, 2011)
 - c. Partnership Agreement (draft dated January 21, 2011)
 - d. Escrow Agreement (submission date February 2, 2011)
 - e. Memorandum of Understanding (draft dated October 14, 2010)
 - f. Loan Documents (submission date February 2, 2011)

Note: Each petition must also include any other evidence that is relevant to the proposed investment project, such as, licenses and permits, building contracts, feasibility studies, operating agreements, advisory opinions, project timelines, etc.

Capital Investment Plan for the New York City East River Waterfront Project

Based on its review and analysis of your proposal, USCIS hereby designates the **Ruby Gold Mine Project** as an approved Capital Investment Project of the Northern California Regional Center. The project's plans include the refurbishing of existing infrastructures and mining tunnels and the development of other mining areas in order to begin mining operations to extract gold ore and other valuable materials over the next decade in the historic Alleghany-Downieville mining district, situated in the Sierra Nevada foothills near the Yuba River, which covers 1,755 acres, consisting of 1,320 acres of unpatented mining claims and 435 acres of patented claims, that is scheduled to take approximately a two-year period to complete and will create jobs in and around the regional center area. The approval of this project will allow the estimated 15 investors sought to begin filing their respective Forms I-526, Immigrant Petition by Alien Entrepreneur, with the appropriate filing fee.

To demonstrate that an individual alien investor is associated with this project and your regional center, each Form I-526 petition, in conjunction with addressing all the requirements for that petition, shall also contain supporting evidence relating to this Capital Investment Project and the regional center designation, as follows:

1. A copy of all the documents listed above.
2. Listing of all investors as of the date of filing the I-526 and identify those investors who are seeking classification as an alien entrepreneur under section 203(b)(5).
3. Letters of commitment from non-EB-5 equity investors.
4. The relating Business Plan and Economic Analysis submitted with the RC proposal.

DESIGNEE'S RESPONSIBILITIES INHERENT IN CONDUCT OF THE REGIONAL CENTER:

The law, as reflected in the regulations at 8 CFR 204.6(m)(6), requires that an approved Regional Center in order to maintain the validity of its approval and designation must continue to meet the statutory requirements of the Immigrant Investor Pilot Program by serving the purpose of promoting economic growth, including increased export sales (where applicable), improved regional productivity, job creation, and increased domestic capital investment. Therefore, in order for USCIS to determine whether your Regional Center is in compliance with the above cited regulation, and in order to continue to operate as a USCIS approved and designated Regional Center, your administration, oversight, and management of your Regional Center shall be such as to monitor all investment activities under the sponsorship of your Regional Center and to maintain records, data and information in order to provide the information required on the Form I-924A supplement. Form I-924A, Supplement to Form I-924 is available in the "Forms" section on the USCIS website at www.uscis.gov.

Effective November 23, 2010, the failure to timely file a Form I-924A Supplement for each fiscal years in which the regional center has been designated for participation in the Immigrant Investor Pilot Program will result in the issuance of an intent to terminate the participation of the regional center in the Pilot Program, which may ultimately result in the termination of the approval and designation of the regional center.

Note: The requirement for the filing of Form I-924A Supplement commences in fiscal year 2011. Each regional center that remains designated for participation in the pilot program as of September 30, 2011 must submit the Form I-924A Supplement with the required supporting documentation on or before December 29, 2011.

If you have any questions concerning the Regional Center approval and designation under the Immigrant Investor Pilot Program, please contact the USCIS by Email at USCIS.ImmigrantInvestorProgram@dhs.gov.

Sincerely,

Rosemary Langley Melville
Director
California Service Center

cc: Brandon Meyer, Esq.

Aliens seeking immigrant visas through the Immigrant Investor Pilot Program may file individual petitions with USCIS for these commercial enterprises located within the approved Regional Center area. The geographic focus of this area may contain some High Unemployment Targeted Employment Areas (TEAs) as designated by the State of California, and rural TEAs as defined in 8 CFR 204.6(e). Therefore, the minimum capital investment threshold for any individual immigrant investment into an approved commercial enterprise throughout the Regional Center shall be not less than \$500,000, if the investment target is located within a TEA or \$1,000,000 if it is located outside of a TEA. No debt arrangement will be acceptable unless it is secured by assets owned by the alien entrepreneur. A full capital investment must be made and placed at risk.

For any alien requesting the reduced threshold of \$500,000 based upon an investment in a Targeted Employment area, the alien must establish at the time of filing of the I-526 petition that either the investment will be made in a TEA designated area or was in a TEA designated area at the time of the alien's initial investment into the enterprise.

EMPLOYMENT CREATION

Immigrant investors who file petitions for commercial enterprises located in the Regional Center area must fulfill all of the requirements set forth in 8 CFR 204.6, except that the petition need not show that the new commercial enterprises created ten new jobs indirectly as a result of the immigrant investor's investment. This determination has been established by way of USCIS' acceptance of the final economic analysis that is contained as part of the approved Regional Center proposal and its indirect job creation model and multipliers contained within the final approved Regional Center application package. Rather, the investor must show at the time of removal of conditions that they performed the activities described in the model and on which the approved methodology is based. In this case the IMPLAN model was used.

Multiplier based on underlying new "direct jobs"

In addition, where job creation or preservation of existing jobs is claimed based on a multiplier rooted in underlying new "direct jobs", the immigrant investor's individual I-526 petition affiliated with your Regional Center, should include as supporting evidence:

- A comprehensive detailed business plan with supporting financial, marketing and related data and analysis providing a reasonable basis for projecting creation of any new direct jobs for "qualifying employees" to be achieved/realized within two years pursuant to 8 CFR 204.6(j)(4)(B).

An alien investor's I-829 petition to remove the conditions which was based on an I-526 petition approval that involved the creation of new direct jobs or the creation of new indirect jobs based on a multiplier tied to underlying new direct jobs needs to be properly supported by evidence of job creation. To support the full number of direct and indirect new jobs being claimed in connection with removal of conditions, the petition will need to be supported by probative evidence of the number of new direct full time (35 hours per week) jobs for qualified employees whose positions have been created as a result of the alien's investment. Such evidence may include copies of quarterly state employment tax reports, Forms W-2, Forms I-9, and any other pertinent employment records sufficient to demonstrate the number of qualified employees whose jobs were created directly.

Additional Guidelines for individual Immigrant Investors Visa Petition (I-526)

Each individual petition, in order to demonstrate that it is associated with the Regional Center, in conjunction with addressing all the requirements for an individual immigrant investor petition, shall also contain as supporting evidence relating to this Regional Center designation, the following:

1. A copy of this letter, the Regional Center approval and designation.
2. A copy of the USCIS approved Regional Center narrative proposal and business plan.

3. A copy of the job creation methodology required in 8 CFR 204.6(j)(4)(iii), as contained in the final Regional Center economic analysis which has been approved by USCIS, which reflects that investment by an individual immigrant investor will create not fewer than ten (10) full-time employment positions, either directly or indirectly, per immigrant investor.
4. A legally executed copy of the USCIS approved:
 - a. Private Offering Memorandum - Sample/Draft submitted March 2, 2010
 - b. Subscription Agreement - Sample/Draft submitted March 2, 2009
 - c. Operating Agreement - Sample/Draft submitted March 2, 2009
 - d. Limited Partnership Agreement - Sample/Draft submitted March 2, 2009
 - e. Escrow agreement and instructions - Sample/Draft submitted March 2, 2009

Therefore, in order for USCIS to determine whether your Regional Center is in compliance with the above cited regulation, and in order to continue to operate as a USCIS approved and designated Regional Center, your administration, oversight, and management of your Regional Center shall be such as to monitor all investment activities under the sponsorship of your Regional Center and to maintain records, data and information on a quarterly basis in order to report to USCIS upon request the following year to date information for each Federal Fiscal Year¹, commencing with the initial year as follows:
