

On June 10, 2008, USCIS issued a request for evidence (RFE) in this case. On September 5, 2008, RCMLA responded to the RFE. The initial proposal and RFE response materials contained the following evidence in support of the requested designation:

- A Job Creation Analysis and Econometric Model prepared by a professional economic analysis firm which specifically calculates but excludes construction jobs from the detailed prediction,
- An Economic Impact Analysis for each investment category,
- A Business Plan,
- Articles of Organization,
- A Partnership Agreement,
- An Operating Agreement,
- A Subscription Agreement, and
- A Promotional/Marketing Plan.

DECISION:

Based on its review and analysis of the economic analysis, business plan and job creation analysis and multipliers reflecting the development of various sample projects, USCIS hereby approves the requested designation of RCMLA as a Regional Center under the Immigrant Investor Pilot Program.

FOCUS OF INVESTMENT ACTIVITY AND CAPITAL INVESTMENT THRESHOLD:

The USCIS-approved focus of the RCMLA business plan and job creation analysis and multipliers is to generate immigrant investor capital into the following six commercial enterprise activities:

1. Commercial/industrial developments, including but not limited to hospitality, retail, industrial, flex, office, and transportation facilities;
2. Public/private arrangements with governmental agencies, non-profits, or other entities to develop civic/public facilities and infrastructure;
3. Renovation of functionally obsolete buildings preserving historical features, where appropriate, within a modern facility;
4. Residential developments with or without ground floor retail, including apartments and condominiums;
5. Provide capital, loans or investment to businesses wishing to locate in the regional center area; and
6. Establish or invest in lending institutions such as community banks.

As such, aliens seeking immigrant visas through the Immigrant Investor Pilot Program may file individual petitions with USCIS for these commercial enterprise activities located within RCMLA. The geographic focus of this area contains certain areas of high unemployment, as designated by the State of California as defined in 8 CFR 204.6(i) that qualify as Targeted Employment Areas (TEAs). Therefore, the minimum capital investment threshold for any individual immigrant investment into

the commercial enterprise throughout RCMLA shall be not less than \$500,000 if within a TEA or \$1,000,000 if outside a TEA.

EMPLOYMENT CREATION:

Alien entrepreneurs who file petitions for commercial enterprises located in the RCMLA area must fulfill all of the requirements set forth in 8 CFR 204.6, except that the petition need not show that the new commercial enterprises created ten new jobs indirectly as a result of the alien entrepreneur's investment. This determination has been established by way of USCIS' acceptance of the final economic analysis that is contained as part of the approved RCMLA proposal and its indirect job creation model and multipliers contained within the final approved RCMLA application package.

In addition, where job creation or preservation of existing jobs is claimed based on a multiplier rooted in underlying new "direct jobs" in support of an immigrant investor's individual I-526 petition affiliated with the RCMLA, then:

- To be credited with projected creation of new "direct" jobs for "qualifying employees" upon filing the I-526 petition, then the petition must be supported by a comprehensive detailed business plan and supporting financial, marketing and related data and analysis providing a reasonable basis for projecting creation of any new direct jobs for "qualifying employees" to be achieved/realized within two years pursuant to 8 CFR 204.6(j)(4)(B).

An alien investor's I-829 petition to remove the conditions which was based on an I-526 petition approval that involved the creation of new direct jobs or the creation of new indirect jobs based on a multiplier tied to underlying new direct jobs needs to be properly supported by evidence of job creation. To support the full number of direct and indirect new jobs being claimed in connection with removal of conditions, the petition will need to be supported by probative evidence of the number of new direct full time (35 hours per week) jobs for qualified employees whose positions have been created as a result of the alien's investment. Such evidence may include copies of quarterly state employment tax reports, Forms W-2, Forms I-9, and any other pertinent employment records sufficient to demonstrate the number of qualified employees whose jobs were created directly.

Each individual petition, in order to demonstrate that it is associated with the RCMLA, in conjunction with addressing all the requirements for an individual alien entrepreneur petition, shall also contain as supporting evidence relating to this amended regional center designation, the following:

1. A copy of this letter for the RCMLA approval and designation.
2. A copy of the approved regional center narrative proposal and business plan.
3. A copy of the job creation methodology required in 8 CFR 204.6(j)(4)(iii), as contained in the regional center economic analysis which has been approved by USCIS, which reflects that investment by an individual alien investor of at least \$500,000 or \$1,000,000 into an

approved project category will create full-time employment positions, either directly or indirectly, for not fewer than ten qualified employees per alien investor within the two years of conditional residence.

4. Evidence of complete investment of funds.
5. Evidence of lawful source of funds.
6. A legally executed copy of:
 - a. the Offering Memorandum,
 - b. the Operating Agreement,
 - c. the Subscription Agreement, and
 - d. the Limited Liability Partnership Agreement.
